

## **CLINICAL TOXICOLOGY**

**Ten-Year Collective Author and  
Subject Indexes**

**Volumes 1 - 10  
1968 - 1977**

This is a special issue of *Clinical Toxicology*, Volume 10, Number 5, 1977.

**MARCEL DEKKER, INC. New York and Basel**

## Ten-Year Collective Author Index, Volumes 1-10

Volumes are indicated by bold arabic numerals and pages within each volume follow.

### A

Abatiello, E. R.

— and Daly, I.

Effects of d-amphetamine sulfate on aggressive behavior in laboratory mice, 8:337

See Thomas, M.

Adalar, N. See Zileli, M. S.

Adams, D. M. See MacEachen, A. J.

Adler, M. See Teitelman, U.

Alcala, A. C., and Halstead, B. W. Human fatality to ingestion of the crab *Demania* sp. in the Phillippines, 3:609

Aldinger, G. See Fauman, B.

Aldrich, F. D. Cholinesterase assays: Their usefulness in diagnosis of anti-cholinesterase intoxications, 2:445

Aldrich, M. R. Statement to: The National Commission of Marijuana and Drug Abuse, 4:643

Alexander, G. J. A procedure for drug screening without the need to transport urines: Use of ion exchange papers and hemagglutination inhibition, 9:435

Al-Rashid, R. A. Syndromes of iron overload, 4:571

Anderson, H. C., Jr.

AACT third annual meeting, 4:375

AACT treatment of acute intoxication conference, 4:369

— and Tester, W. W.

A computerized poison information retrieval system, 2:81

Anderson, R. J. See Rumack, B. H.

Angle, C. R.

Guest editorial: Symposium on iron poisoning, 4:525

— McIntire, M. S., and Zetterman, R.

CNS symptoms in childhood poisoning, 1:19

[Angle, C. R.]

See Ginsburg, C. M.

See McIntire, M. S.

Aoki, V. S. See Bergman, H. D.

Arena, J. M. Testimony of Jay M. Arena, M.D., before the Senate Commerce Committee S. 2162—The Poison Prevention Packaging Act of 1969, 3:289

Arnold, R. E. Insect sting allergy kits, 10:357

Aronow, R., Brenner, S. L., and Woolley, P. V., Jr. An apparent epidemic: Methadone poisoning in children, 6:175

Aronson, A. L. Outbreaks of plumbism in animals associated with industrial lead operations, 5:169

Askew, J. B. History of assistance to Tijuana: Acute parathion food poisoning, 1:251

Atkinson, J. P., and Azarnoff, D. L. Comparison of charcoal and attapulgite as gastrointestinal sequestrants in acute drug ingestions, 4:31

Azarnoff, D. L. See Atkinson, J. P.

## B

Backer, R. C.

— Caplan, Y. H., and Duncan, C. E.

Thiopental suicide—Case report, 8:283

See Caplan, Y. H.

Baden, M. M. See Huang, J. C.-Y.

Baginski, E. S. See Zak, B.

Bagnis, R.

A case of coconut crab poisoning, 3:585

Concerning a fatal case of ciguatera poisoning in the Tuamotu Islands, 3:579

Bailey, D. N., and Jatlow, P. I. Methyprylon overdose: Interpretation of serum drug concentrations, 6:563

Baker, J. See Mason, M. M.

Balls, L. D. See Binns, W.

Balster, R. L., and Chait, L. D. The behavioral pharmacology of phencyclidine, 9:513

Bamberg, J. R. The biological activities and detection of naturally occurring 12,13-epoxy- $\Delta^9$ -trichothecenes, 5:495

Barnhart, F. See Juselius, R. E.

Barquet, A., Davies, J. E., and Davis, J. H. Death due to parathion? Exhumation of an embalmed body, 1:257

Barton, C. Experiences of a poison information center director, 1:87

Baselt, R. C. See Wright, J. A.

Becker, C. E.

Changing medical complications of illicit drug use, 7:347

## Ten-Year Collective Subject Index, Volumes 1-10

Volumes are indicated by bold arabic numerals and pages within each volume follow.

### A

- AAACT/AAPCC joint meeting, program and abstracts, **9**:3-31
- Abrus poisoning, therapy and mechanism of toxicity (abstract), **9**:21
- Abstracting program, for toxicology literature, **4**:477-490
- Acetaldehyde, estimation of by gas chromatography, **4**:99-113
- Acetaminophen, acute poisoning by, **6**:9-11
- Acetone, estimation of by gas chromatography, **4**:99-113
- Acetylcholinesterase, in snake venom, **3**:411
- Acidosis, "bicarbonate resistant," in association with ethylene glycol intoxication, **9**:53-60
- Acrylamide, polyneuropathy due to (abstract), **10**:481
- Activated charcoal, adsorptive capacity of by substance, **8**:516-523
- antidotal efficacy of, **7**:97-108
- clinical experience with, **8**:527-529
- easily swallowed formulations of, **7**:355-364
- efficacy studies on, **7**:97-108
- as gastrointestinal decontaminant, **3**:1-4
- in acute poisoning, **8**:515-533
- comparison with atropine, **4**:31-38
- hemoperfusion devices, comparative evaluation (abstract), **10**:481-482
- influence of "thickening" agents on antidotal efficacy of, **9**:89-92
- toxicity of, **8**:524-526
- Acylation procedure, for amphetamine identification, **8**:225-232
- Addiction. *See* Drug abuse
- Addicts. *See* Drug addicts
- ADI, **9**:802-804
- Adipose tissue, p,p'-DDE and p,p'-DDT residues in, **1**:57-61
- $\beta$ -Adrenergic blocking agent, treatment of alcohol withdrawal symptoms using (abstract), **6**:293-294
- Adulteration, of heroin and cocaine, **8**:239-243
- Adverse drug effects, precipitated by microfilariae of *Dirofilaria immitis*, **9**:981-982
- unit dose drug distribution, advantages of on, **5**:405-417

- [Adverse drug effects]

## [Alcoholism]

- haloperidol in treatment of, 7: 277-278
- hospital admission for, 10: 381-382
- symptoms and treatment of, 7: 323-324
- unusually high blood ethanol level in a living patient, 10: 429-431
- in the United States, 5: 83-84
- in the work force, 9: 185-197
- Alcohols, 1: 40
- Alcohol withdrawal, aggression in, 7: 285
- convulsions in mice during, enhancement of by haloperidol, 9: 427-434
- Inderal as antidote for Antabuse ethanol reactions (abstract), 9: 26
- tetrahydrocannabinol, effects of on, 7: 291
- treatment using  $\beta$ -adrenergic blocking agent (abstract), 6: 293-294
- Alimentary toxic aleukia (ALA), as mycotoxicosis, 7: 168-169
- Allergens, in foods, naturally occurring, 9: 656-657
- Alphaprodine, fatality from, 5: 307-315
- Amanita phalloides* poisoning, resuscitation from, 6: 281-282
- therapy for, 7: 116-119
- American Academy of Clinical Toxicology*, constitution and by-laws, 3: 161-170
- fellowships in 1976, 9: 835-837
- joint meeting (1976), 10: 457-488
- membership roster for 1972, 5: 585-598
- officers, directors, and committees for 1969, 2: 225-232
- second annual meeting, Oct. 1969, 2: 347-351

symposium, 3: 179-248

*American Association of Poison Control Centers*, annual meeting of, 1: 133-134

joint meeting (1976), 10: 457-488

membership list for 1973-1974, 8: 81-108

membership list for 1976, 9: 295-324

symposium, 3: 249-288

tenth annual meeting, 1: 15-17

twelfth annual meeting, 2: 353, 355-356

*American Association of Suicidology*, 7: 627

*American College of Emergency Physicians*, leadership list of (1975), 8: 247-251

Amethopterin, fetal effects of, 7: 63

Amino acid esterases, in snake venom, 3: 404-405

L-Amino acid oxidase, in snake venom, 3: 410

$\gamma$ -Aminobutyric acid (GABA), in brain, effect on ethanol abstinence, 7: 290

$\delta$ -Aminolevulinic acid (ALA), in dipstick test for lead poisoning, 5: 7-16

urinary excretion of, lead inhibition of dehydratase and, 7: 383-388

$\delta$ -Aminolevulinic acid dehydratase, as indicator of red cell lead, 6: 183-188

Aminopterin, fetal effects of, 7: 63

osteoporosis from in prenatal lambs, 5: 263-265

Aminopyrine, in herbal medicines, 8: 137-138

Amitriptyline, management of overdoses of, 6: 571-584

poisoning by, 1: 157

resuscitation from, 6: 277

Amitriptyline-perphenazine, delirium from, use for alcoholism therapy, 4: 5-10

Ammonium chloride, fetal effects of, 7: 63

- Amnesty program, for drugs, in U.S. Army (abstract), 5:76
